Motion 14E: Williams moved for the Finance Committee, “MOVED, that the Executive Committee of the IEEE Computer Society approves an amendment to the 2000 operating budget by establishing a $15k budget for the Software Engineering Education Project (SWEEP), which is the society’s obligation towards the total $30k funding ($15k is funded by ACM).” Motion carried by voice vote.

Action 14E: Treasurer. Due ASAP. EC 02/00. 14E. Amend the budget to reflect the establishment of a $15,000 budget for SWEEP.

23. Amendments to Society Bylaws - Wah

A. Article IX, Section 3, EIC Appointments

Motion 23A: Wah moved for the Constitution and Bylaws Committee, “MOVED, that the Executive Committee of the IEEE Computer Society approves the following amendment to Bylaws Article IX, Publications, Section 3, Editor-in-chief appointments.” Motion carried.

ARTICLE IX- PUBLICATIONS

Section 3: Editor-in-Chief Appointments and Terms

1. There shall be an editor-in-chief appointed for each periodical publication. There shall be one or more editors-in-chief appointed for the Computer Society Press, as provided in the IEEE Computer Society Policies & Procedures Manual.

2. The Publications Board shall recommend to the president two or more candidates for each editor-in-chief position, as specified in the Policies & Procedures Manual, at various times as required.
3. The president, with the advice and consent of the Board of Governors, shall appoint each editor-in-chief for a term not to exceed two years. In the case of a new periodical, the initial appointment may be for a maximum of three years.

4. Editors-in-chief may serve a maximum of two consecutive terms in a given position.

A. Section 9, EIC Appointments

Motion 24A: Wah moved for the Constitution and Bylaws Committee, “MOVED, that the Executive Committee of the IEEE Computer Society approve the following revisions to the Policies & Procedures Manual Section 9, Publications.” Motion carried.

Insert new paragraph 9.2.7 and renumber the remaining paragraphs.

9.2.7 Editor-in-Chief Appointments of All Journals Except Computing in Science & Engineering

1. For solely sponsored journals, the Publications Board shall recommend to the President two or more candidates for each editor-in-chief appointment.

2. For reappointments of solely sponsored journals, the Publications Board may recommend one candidate for consideration.

3. For jointly sponsored journals with steering committees, the Publications Board will recommend candidate(s) as brought forward by the steering committee for each editor-in-chief.

Insert new paragraph 9.2.9 and renumber the remaining paragraphs.

9.2.9 Editor-in-Chief Appointments of Computing in Science & Engineering

1. The search committee for the editor-in-chief of Computing in Science & Engineering will be appointed jointly by the Computer Society Publications Board and the American Institute of Physics (AIP).

2. The search committee will bring forward one candidate for appointment or reappointment. This recommendation will be communicated in advance to the AIP appointment officer before discussion at the Publications Board.

3. The Publications Board will recommend one candidate for joint appointment by the Computer Society and AIP presidents.

B. Section 16, Finances

Motion 24B: Wah moved for the Constitution and Bylaws Committee, “MOVED, that the Executive Committee of the IEEE Computer Society approve the following revisions to the Policies & Procedures Manual Section 16, Finances.” Motion carried.
SECTION 16 FINANCES

16.1.1 Budget Development

The committee is responsible for coordinating the budget development process.

1. Each year at the spring meetings week, the Finance Committee will provide each program board with a budgetary target (or targets) for the following year.

2. Prior to the time of the second meeting of the year, at which periodical page budgets and prices and the member fee must be set, Five months prior to the IEEE deadline, each program board will submit to the treasurer a plan and budget that meets the assigned targets, whether it is a limit on the program subsidy or a surplus of a certain size. The plan and budget will be constructed in budget decision module form with the aim of facilitating endorsement or amendment at subsequent steps in the budget approval process. Plans which require initial investments in a multi-year context are permitted. All new unfunded initiatives and plans are due five months prior to the IEEE deadline.

3. Any board may submit an appeal of its assigned target(s) with its plan and draft budget, attempting to demonstrate to the Finance Committee, Executive Committee, and/or Board of Governors why it should be amended. However, such an appeal shall not relieve the board of its responsibility to construct a plan and budget that will meet the target as assigned, but that plan may be supplemented with arguments as to why the target is inappropriate.

4. At the second meeting of the year the Finance Committee will review the recommended plans and make its recommendations regarding page budgets and pricing to the Executive Committee and Board of Governors for ultimate review and approval. This action, taken in the context of preliminary approval of all the other program budgets, largely establishes the income of the society for the following year.

5. At the second meeting of the year the Finance Committee will provide comments and suggestions, and possibly revised targets, for all program boards.

6. All program boards will submit to the treasurer final plans and budgets to meet their targets at least 60 days two months prior to the IEEE deadline third meeting of the year.

7. The Finance Committee will prepare a draft recommended budget for circulation prior to the third meeting 30 days prior to the IEEE deadline. During that meeting week, The Finance Committee will consider any further information or appeals that any of the program boards wish to suggest, meeting in a formal hearing format.

8. The Finance Committee's final recommendations for the following year's budget will be presented to the Board of Governors for review, amendment, and approval at the final meeting of the year 15 days prior to the IEEE deadline.

9. The final approved budget by the Board of Governors will be sent to the IEEE by 1 September (IEEE deadline).

10. After the first year cycle (1991) of this modified budgeting and planning process the Finance Committee will extend the planning horizon by providing budgetary targets for two years out at the first meeting of the year, and each plan and budget developed by the program boards will be required to include a second projected year budget in addition to the budget plan for the following year.

11. Beginning with the third year (1993) of implementation of this process, the budgetary planning horizon will be extended to three years.
