### BROADENING PARTICIPATION STATEMENT AND EFFORTS

We are now requesting that Conference Websites include the attached verbiage regarding IEEE conferences. [Please include this statement on your conference's website](#).

Additionally, the IEEE Computer Society recommends incorporating efforts to expand participation in the conference organizing process. Please review [Best Practices for Conference Organizers](#), which includes ideas on ways to enhance your planning, programs, and promotions.

In case of budgetary limits or restraints, please reach out to the sponsoring TC chair and inquire about whether funds may be available to support these recommendations at your event.

Your TC staff contact is available for any questions and assistance with any aspect of your conference.
