“We were glad to attend the QCE 2020 event, and we received results beyond our expectation. We really appreciate our dedicated sales representative and the whole team for their extraordinary achievements, especially under the unexpected pandemic crisis. We are very happy about the sponsorship.”

- Randy Kuang, Ph.D., Chief Scientific Officer & Co-founder, Quantropi
International and Multifaceted

Quantum Week is an interdisciplinary conference and exhibition with a unique focus on quantum technology, research, and development. This event brings together the world’s innovators to showcase quantum research, practice, applications, education, and training. Conference programs will include sessions, tutorials, and workshops.

We invite you to support this leading industry and academic event that combines the brightest minds, most innovative research, and most exciting companies working with quantum computing and engineering.

- Exhibits, Posters, BoFs, Networking — 45 mins
- Papers, Panels, Tutorials, Workshops — 45 mins
- Keynote, Awards, Announcements — 90 mins

Topics include:

- Quantum computing
- Quantum systems engineering
- Quantum development systems
- Quantum software engineering methods & tools
- Software stacks, workflows & infrastructure
- Quantum runtime infrastructure
- Algorithms & complexity
- Quantum search
- Application tools
- Variational techniques
- Adiabatic quantum computation
- Fault-tolerant computing & error correction
- Quantum assurance
- Simulators
- NISQ era
- Quantum advantage with shallow circuits
- Hybrid quantum-classical computing
- Quantum sensing & metrology
- Quantum engineering
- Qubit design & control
- Architectures
- Hardware-software codesign
- Quantum supply chains
- Communications
- Cryptography & QKD
- Post-quantum cryptography
- Quantum network applications
- Quantum internet
- Quantum photonics & optics
- Quantum simulations
- Quantum applications
- Simulating molecules
- Simulating materials
- Simulating physical and biological systems
- Optimization problems
- Machine learning
- Quantum education & training
- Quantum workforce development
- Courses & curricula
- Quantum entrepreneurship
- Nurturing quantum start-ups
- Quantum ecosystems
IEEE QUANTUM WEEK

Reasons why you should take part in QCE 2021

GROW YOUR AUDIENCE
Grow your audience and cultivate new business by removing physical location as a barrier, expanding your reach.

NETWORKING
Make new connections through virtual meetings, discussions, and demonstrations.

INCREASE BRAND AWARENESS
Position your company as a leader in Quantum Computing.

Who Attends QCE?

850+ Attendees from 45+ Countries at QCE20

Job Titles
- Quantum Computing Scientist
- Quantum Research Scientist
- Lab Manager, Quantum Computing
- Quantum Hardware Developer Engineer
- Quantum Software Engineer
- Principal Systems Engineer
- Quantum Development Engineer, Test & Measurement
- Clinical Data Programmer
- Research & Development Quantum Computing Scientist

QCE2021 Projected Attendees by Sector

IEEE Quantum Week found the synergy gap between the science of quantum computing and the development of an industry surrounding it.”
