Harry H. Goode Memorial Award

Call for Award Nominations

Deadline: 1 October 2019

2019 Harry H. Goode Memorial Award Recipient

Marilyn C. Wolf
Georgia Institute of Technology

For contributions to embedded, hardware-software codesign, and real-time computer vision systems.

Named for a pioneer and leader in the field of systems engineering, the **Harry H. Goode Memorial Award** was established to encourage further developments in and honor outstanding contributions to the field of information processing sciences. A bronze medal and $2,000 are awarded by the IEEE Computer Society on the basis of achievements in the information processing field.

About Harry H. Goode

One of the first scientists to fully comprehend the powers and abilities of computers, Harry H. Goode formulated many principles of systems engineering and developed techniques for the design, analysis, and evaluation of large-scale systems. He was instrumental in initiating early systems projects, including the Typhoon computer and Whirlwind computer at MIT. He participated in the study that led to the creation of the Bomarc missile and conceived and developed the Air Defense Integrated System Project.
