

# IEEE Computer Society Digital Library Periodicals Package

The **IEEE Computer Society Digital Library (CSDL)** is the premier collection of computing periodicals and conference publications. The Periodicals Package gives you access to all 42 technical magazines and research journals, including all archives, in the CSDL.

## Covering the Entire Field

- *Computer*
- *IEEE Letters of the Computer Society*
- *IEEE Transactions on Computers*

## Artificial Intelligence

- *IEEE Intelligent Systems*
- *IEEE Transactions on Artificial Intelligence*
- *IEEE Transactions on Pattern Analysis and Machine Intelligence*

## Biotechnology

- *IEEE/ACM Transactions on Computational Biology and Bioinformatics*

## Cloud Computing

- *IEEE Transactions on Cloud Computing*

## Computer Hardware

- *IEEE Computer Architecture Letters*
- *IEEE Micro*

## Emerging Topics

- *IEEE Transactions on Emerging Topics in Computing*

## Graphics and Multimedia

- *IEEE Computer Graphics and Applications*
- *IEEE MultiMedia*
- *IEEE Transactions on Visualization and Computer Graphics*

## History of Computing

- *IEEE Annals of the History of Computing*

## Human-Centered Computing

- *IEEE Transactions on Affective Computing*

## Internet and Data Technology

- *IEEE Transactions on Big Data*
- *IEEE Internet Computing*
- *IEEE Transactions on Knowledge and Data Engineering*
- *IEEE Transactions on Services Computing*

## IT and Security

- *IT Professional*
- *IEEE Security and Privacy*
- *IEEE Transactions on Dependable and Secure Computing*

## Mobile Computing

- *IEEE Pervasive Computing*
- *IEEE Transactions on Mobile Computing*

## Networking

- *IEEE Transactions on Parallel and Distributed Systems*

## Scientific Computing

- *Computing in Science and Engineering*

## Software

- *IEEE Software*
- *IEEE Transactions on Software Engineering*

## Sustainable Computing

- *IEEE Transactions on Sustainable Computing*

## Superior Features

- Responsive interface for use on desktop and mobile devices.
- Free RSS feeds notify your users of newly added content of interest.
- Daily updates, including preprints for all periodicals, allow for immediate access to new articles.
- Multiple options for searching and browsing to serve various needs.
- Clickable math in all HTML documents enables users to cut and paste equations and formulas for immediate use.
- Multimedia and web extras for select articles provide a deeper understanding of the research.
- A customizable welcome message for your institution is automatically generated.
- Download citations in multiple formats makes creating bibliographic references easier.
- ACM metadata exchange allows for single searches across both collections.
- OpenURL and XML Gateway enabled to lead your users to the appropriate resource.

## *Incredible Value!*

We introduced the Periodicals Package to bring more content to more customers at a much lower price. A subscription provides online access for 12 months to all archives of all 42 periodicals in the CSDL at a **52% discount** from the individual periodical subscription rates. This is ideal for academic, government, or corporate institutions with a limited budget or those that don't need the latest research from the conference publications.
